

1. Download the PPD File
Go to Konica Minolta Driver Download

Search for *bizhub_C3351i.ppd*

Download the Linux PPD driver

Save as:
~/Downloads/bizhub_C3351i.ppd

- ♦ 2. Copy PPD to CUPS Directory

bash

```
sudo mkdir -p /etc/cups/ppd/
```

```
sudo cp ~/Downloads/bizhub_C3351i.ppd /etc/cups/ppd/
```

- ♦ 3. Add Printer via Terminal

Use IP 192.168.122.91 (from above):

bash

```
sudo lpadmin -p bizhub_C3351i \
```

```
-E \
```

```
-v ipp://192.168.122.91/ipp/print \
```

```
-P /etc/cups/ppd/bizhub_C3351i.ppd
```

- ♦ 4. Set as Default Printer (Optional)

bash

```
lpoptions -d bizhub_C3351i
```

- ♦ 5. Restart CUPS (Optional)

bash

```
sudo systemctl restart cups
```

- ♦ 6. Confirm Setup

bash

```
lpstat -p bizhub_C3351i -l
```

Or test with:

bash

```
lp /etc/fstab
```
